INVITATION

Dear Industry Partners and supporters of EPA – UNEPSA and SRPED scientific activities,

After the very successful EPA – UNEPSA Congress held in May 2015 at Florence, we are delighted to invite you to actively participate in the 8th Europaediatrics Congress (the highlight of the activities of the European Paediatric Association and the Union of National European Paediatric Societies and Associations), jointly held with the 13th National Congress of Romanian Pediatrics Society.

The event will take place for the first time in Bucharest, Romania June 7-10, 2017 and Romania is proud to host this major event while we welcome EPA – UNEPSA.

International and European child health care specialists will lead the program with presentations that will give general pediatricians and child health care professionals up-to-date evidence based best practice information they require for their work in their home countries.

Child care experts from European societies will lead plenary presentations, guideline sessions and personal practice sessions in an innovative format of sharing good practice.

We appreciate that this is the greatest medical manifestation in Romania, considering the estimated number of foreign and romanian participants.

Every 2 years the Europaediatrics Congress has attendance of over 2000 delegates

In addition, The National Congress of Romanian Pediatrics Society attracts High participation of it's members and related specialties.

The last National Congress of the Romanian Society of Pediatrics in 2015 at Timisoara was a tremendous success: over 1200 participants, 145 Romanian and 25 International Speakers, 180 topics on different sessions, 240 posters, 40 Sponsors

Both events provides an ideal platform for communication between healthcare providers, researchers, innovators and providers of products and services related to the field.

We invite your participation and offer you numerous opportunities to expose your company and its products and services to leading paediatricians and related professionals. You will find many options and further information in this sponsorship prospectus. Please contact us or our conference organizing partner Romania Travel Plus if you have any further questions or comments.

We look forward to an efficient and fruitful co-operation with you.

Leyla Namazova-Baranova, President of EPA/UNEPSA

Marin Burlea, President of 8th Europaediatrics

CONGRESS ORGANISERS

European Paediatric Association, the Union of National European Paediatric Societies and Associations (EPA/UNEPSA)

The European Paediatric Association (EPA) is a pan-European scientific association which is the Union of National European Paediatric Societies and Association (EPA-UNEPSA). The main objective of EPA-UNEPSA is to encourage scientific co-operation between not-for-profit National European Paediatric Societies/Associations and between European paediatricians working in primary, secondary and tertiary paediatric care in Europe, in order to promote child health and comprehensive paediatric care.

Founded 40 years ago, it now represents 48 National European Paediatric Societies and Associations and operates on a non-profit basis. Its General Assembly is made by the Presidents of the major national pediatric societies active in the Nations of geographic Europe, and currently represents more than three-quarters of all European countries, working closely with the major international organizations, including WHO, UN, EMA and the Council of Europe. Since its foundation in 1976 in the St Sophia Children's Hospital in Rotterdam, Holland, in its role as prominent European paediatric organization, EPA-UNEPSA has typically encouraged education of patients, families and care givers by translating specialist's knowledge to generalists, and worked to improve the quality of paediatric patient care in all European countries including both member and non-member states of the European Union, by adequate clinical research and by implementing research into practice.

Annual meetings of national paediatric presidents focus on the most urgent problems of paediatric health care. "Europaediatrics" is now a biennial congress for all general paediatricians and paediatric sub-specialists in Europe. The main research activities of EPA/UNEPSA concentrate on identifying the demography of primary, secondary and tertiary care paediatrics in Europe.

EPA/UNEPSA constantly plans new activities in an effort to demonstrate that it is an active paediatric association counting 49 full members from 45 countries and representing today more than three quarters of all European countries.

For more information, please visit: www.epa-unepsa.org

Romanian Society of Pediatrics

The Romanian Society of Pediatrics was part of Romanian Medical Association since its formation in 1926 until 2001 when the society acquired its own legal status.

Since 2010, the Society is a member of EPA – UNEPSA (The European Paediatric Association and the Union of National European Paediatric Societies and Associations) and also member of EAP (European Academy of Pediatrics).

The Society represents over 4000 pediatricians and 8,000 associate members and family doctors.

The Romanian Pediatric School has a high academic and practical tradition; there are prestigious schools in 10 Universities- among which are Universities from Iasi, Cluj, Bucuresti, Tg. Mures, Timisoara, Craiova, Sibiu.

In the last 20 years, the Romanian pediatric system has been reorganized and rejuvenated. It now includes self-governing structures in some hospitals: Gastroenterology, Nefrology, Neurology, Allergology and Immunology, Diabetes and Nutrition, Respiratory medicine and more.

Besides International Courses and workshops in pediatrics, The Romanian Society of Pediatrics organizes national conferences and congresses with international participation.

The last National Congress of the Romanian Society of Pediatrics in 2015 at Timisoara was a tremendous success: over 1200 participants, 145 Romanian and 25 International Speakers, 180 topics on different sessions, 240 posters, 40 Sponsors.

GENERAL INFORMATION

BUCHAREST

The 8-th Europaediatrics Congress jointly held with The 13 National Congress of Romanian Pediatrics Society will be held in Bucharest, Romania. The history of the city has always been written by both Romanians and foreigners, who lived in it or only passed by. Called "Dimbovita's fortified town", built on Dimbovita's banks, Bucharest was the voivodal headquarter and then the capital city for the past 500 years. Its rich architecture and cultural life brought Bucharest the nickname of "Little Paris" at the beginning of the 20th century. Bucharest proved to be one of the most important centres in the Southeast of Europe, most populated, rich and forward thinking. What can be more interesting than a city which gathers together Orient and Occident, North and South, a city that speaks through its architecture - to all its visitors in their language? Hungarians, Greeks, Turks, Germans, Frenchmen, Russians, Americans, and so many more people from the four corners of the world. Come and discover Bucharest by yourself!

DATES

June 7-10, 2017

VENUE

The Palace of Parliament, Bucharest, Romania will host the 8th Europaediatrics Congress in 2017

Built by Communist Party leader, Nicolae Ceausescu, the colossal Parliament Palace (formerly known as the People's Palace) It took 20,000 workers and 700 architects to build.

The Palace measures 275 m by 235 m, 86 m high, and 92 m underground. It has 1,100 rooms, 2 underground parking garages and is 12 stories high, with four additional underground levels including an enormous nuclear bunker. Total area of 365,000 sqm

The Palace of Parliament it is the world's second-largest office building in surface (after the Pentagon) and the third largest in volume (after Cape Canaveral in the U.S. and the Great Pyramid in Egypt).

When construction started in 1984, the dictator intended it to be the headquarters of his government. Today, it houses Romania's Parliament and serves as an international conference centre. Built and furnished exclusively with Romanian materials, the building reflects the work of the country's best artisans.
